

Dear Residents, Families and Friends,

I am pleased to confirm that Evergreen remains COVID free. We are continuously monitoring the recent outbreaks in parts of Sydney. Although community transmission continues, all cases diagnosed in NSW during the last week have known sources.

Visiting Update

As of Monday 26th October, the AHPPC (Australian Health Protection Committee) recommends that spouses or other close relatives or social support are not limited in the number of hours they can visit at the Lodge. However;

- Visiting will be restricted to the Residents rooms.
- A maximum of 2 visitors at any one time will be allowed.
- Visits must take place during visiting hours.

Please see our updated Visitors Guide [here](#).

Access Restrictions

Access to Yallambee Lodge is not currently permitted for visitors who have been in Victoria, Bayside LGA, Camden LGA, Lakemba (suburb), Liverpool LGA, Randwick LGA, Waverly LGA and Oran Park (suburb) in the last 14 days.

We ask that you monitor the areas and venues on high alert by visiting this [website](#).

Exceptions

Compassionate exceptions for visiting may be granted by the Facility Manager (Ann Young) or Care Manager (Malo Kilander).

Electronic Booking System

Evergreen is introducing a new Electronic booking system to reduce the bottleneck at reception. Visitors will notice a change to the sign in process next week, but phone bookings will continue as normal.

Staff will be available to assist with this new system and we will provide further information when the system is ready for a full launch.
